CHAIRMAN'S MESSAGE

JIMS was established in 1997 with a clear vision and purpose. It was envisioned that in the foreseeable future it would evolve into a world-class business-school recognized for its commitment to high powered quality education and research. JIMS is also committed to developing outstanding professionals & entrepreneurs, who exemplify humanistic values, are socially responsible stewards who will create & disseminate practitioner oriented knowledge that will uplift society. The current global business environment is driving India Inc. to rethink strategy, reassess agendas & revisit several of the long-standing rules of the game. Leadership is being stretched for direction & results; management is being tested for fortitude & having a balanced head-on-shoulders approach to keep the momentum going. As the business world gets more complex, B-School recruits will need to be equipped with new skills-sets, innovative ideas and a heightened mental toughness to sail through the current corporate turbulence. In order to keep pace with the velocity of change and thrive in an uncertain environment, JIMS has already shifted gears to a mode of mastering change. It has launched several strategic initiatives at both the macro and micro levels to ensure that students' overall development is in tune with the present demands and expectations of industry. At JIMS, our strategic focus in future will address areas of curriculum design, mentoring & live project, advanced statistical software training, international summer internship, soft skills, stress coping & EI learning. These initiatives will focus on developing student competencies in dealing with global complexity, emerging technologies, change, social & cultural diversity. I am confident that our 'high values adding' initiatives will help create tomorrow's skilled leaders as 'value' is all about upskilling individuals and contributing to business results.

DR. AMIT GUPTA
