CHAIRMAN'S MESSAGE

JIMS Kalkaji was established in 1997 with a clear vision and purpose. It was envisioned that in the foreseeable future it would evolve into a world-class business-school recognized for its commitment to high powered quality education and research. JIMS Kalkaji is also committed to developing outstanding professionals & entrepreneurs, who exemplify humanistic values, are socially responsible stewards who will create & disseminate practitioner oriented knowledge that will uplift society. The current global business environment is driving India Inc. to rethink strategy, reassess agendas & revisit several of the long-standing rules of the game. Leadership is being stretched for direction & results; management is being tested for fortitude & having a balanced head-on-shoulders approach to keep the momentum going. As the business world gets more complex, B-School recruits will need to be equipped with new skills-sets, innovative ideas and a heightened mental toughness to sail through the current corporate turbulence. In order to keep pace with the velocity of change and thrive in an uncertain environment, JIMS Kalkaji has already shifted gears to a mode of mastering change. It has launched several strategic initiatives at both the macro and micro levels to ensure that students' overall development is in tune with the present demands and expectations of industry. At JIMS Kalkaji, our strategic focus in future will address areas of curriculum design, mentoring & live project, advanced statistical software training, international summer internship, soft skills, stress coping & EI learning. These initiatives will focus on developing student competencies in dealing with global complexity, emerging technologies, change, social & cultural diversity. I am confident that our 'high values adding' initiatives will help create tomorrow's skilled leaders as 'value' is all about upskilling individuals and contributing to business results.

DR. AMIT GUPTA

BUILDING AI-READY BUSINESS LEADERS

HOW JIMS KALKAJI IS PREPARING EVERY STUDENT TO THINK, DECIDE AND LEAD WITH AI

Artificial Intelligence is no longer a specialisation — it is the new business literacy. At JIMS Kalkaji, AI readiness is woven into the way we teach, mentor and prepare students for the workplace, so every PGDM and PGDM-IB graduate leaves not just knowing about AI, but knowing how to use it to solve real business problems.

OUR AI-READY FRAMEWORK

AI CENTRE OF EXCELLENCE (AI-COE)

A dedicated institutional hub driving AI-led innovation, entrepreneurship and applied research, connecting students to faculty, startups and industry practitioners working on live AI problems.

AI WOVEN INTO THE CURRICULUM

Core and elective courses across PGDM and PGDM-IB build AI and data fluency into functional areas — Marketing, Finance, HR and Operations — so students learn to apply AI to real life decisions, not just study it as theory. These courses are delivered by multiple industry experts from different functional domains, helping students understand how AI tools are applied within each respective domain.

HANDS-ON WITH INDUSTRY TOOLS

Students work directly with generative AI, analytics and automation platforms — including tools such as ChatGPT, Claude, Microsoft Copilot, Power BI, Tableau and Python-based AI applications — through labs, projects and live case studies, building the practical comfort employers now expect from day one.

FACULTY UPSKILLED FOR THE AI ERA

Ongoing faculty development ensures classroom pedagogy keeps pace with how AI is reshaping business, so students learn from mentors who are themselves fluent in the tools and thinking of today.

INDUSTRY & INNOVATION PARTNERSHIPS

Collaborations with industry and academic partners bring AI-focused certifications, guest expertise and project opportunities directly into the student experience.

CAREER READINESS FOR AN AI-DRIVEN WORKPLACE

Placement preparation is aligned to how AI is changing roles across sectors, helping students walk into interviews — and jobs — able to speak the language of AI-enabled business. The Corporate Relations team also prepares students using institute-subscribed AI tools such as Remasto.ai which help students practise and build confidence for interviews.

AT JIMS KALKAJI, AI-READINESS ISN'T AN ADD-ON — IT'S HOW WE PREPARE YOU TO LEAD.
